Assignment 1 - Assignment on Installation of RHEl 9 using Oracle virtual box

The objective of this assignment is to guide students through the process of installing Red Hat Enterprise Linux (RHEL) 9 on Oracle VirtualBox.

Familiar with installation steps of RHEL 9 before doing this assignment.

Questions for this assignment

1. Where to find the RHEL 9 ISO image and how to download it.
2. How to create a new virtual machine in Oracle VirtualBox.
3. Describe the process of starting the virtual machine and booting from the RHEL 9 ISO image.
4. Provide instructions for downloading and installing Oracle VirtualBox on your system.

Solution by the Instructor:

1. Where to find the RHEL 9 ISO image and how to download it.
   - Visit the official Red Hat website: https://www.redhat.com/
   - Navigate to the RHEL 9 download page and download the ISO image.

2. How to create a new virtual machine in Oracle VirtualBox.
   - Open Oracle VirtualBox and click on the "New" button to create a new virtual machine.

3. Describe the process of starting the virtual machine and booting from the RHEL 9 ISO image.
   - Start the virtual machine and select the RHEL 9 ISO image as the boot media.

4. Provide instructions for downloading and installing Oracle VirtualBox on your system.
   - Download Oracle VirtualBox from the official website: https://www.virtualbox.org/
   - Install VirtualBox by following the on-screen instructions provided by the installer.
